(focus on comparing different types of text)	The History of religion in the UK.	
<p><b>Alvey Values</b></p> <p>We know that modern life and the development of technology brings many new opportunities for our children to develop their talents in and out of school. We also know that this can sometimes mean the Church is being pushed out of our children's lives. At the William Alvey we do our best to promote a Christian ethos but also try and link it to modern day living and the diverse nature of our culture both locally and nationally.</p> <p>An outstanding level of religious understanding and knowledge. A thorough engagement with a range of ultimate questions about the meaning and significance of existence. The ability to ask significant and highly reflective questions about religion and demonstrate and excellent understanding of issues related to the nature, truth and value of religion. A strong understanding of how the beliefs, values, practice and ways of life within any religion cohere together. Exceptional independence, the ability to think for themselves and take the initiative in, for example, asking questions, carrying out investigations, evaluating ideas and working constructively with others.</p>
